## See How an Enterprise Content Management System Can Work for You

In just 5 minutes, you'll trace the scenario of a new product launch involving marketing, outside vendors, sales and other departments. Your self-guided tour will show you how content flows through multiple departments and processes in a typical organization and how people and teams can collaboratively create, manage, deliver and archive the information that drives their business. [See it now!](#)

### Flash Demo: Enterprise content management in action

Learn how your peers are resolving the same issues that affect you. Gain valuable insight into:

- Managing a variety of content types, such as traditional office documents, page layouts and images with EMC Documentum Digital Asset Manager.
- Creating, editing, approving and publishing marketing collateral with the help of EMC Documentum eRoom collaboration.

#### benefits

Manage any type of content in a common repository.

Enable a collaborative review and approval process for content.

Empower teams to work together for faster project completion.

Automatically provide the latest content, such as sales presentations, to those who need it.

- Building a brand center to give employees access to the latest marketing content.
- Supporting salespeople with downloadable presentations that are automatically updated with the latest content.

If you have any questions regarding this flash demo, please e-mail [salesinfo@documentum.com](mailto:salesinfo@documentum.com) or phone: **800.607.9546** (outside the US: +1.925.600.5802).
